

“POSITIVE PATHWAYS”:

Literacy Strategies to Promote Resilience in Early Childhood

Thursday, December 8, 2016

9:30 a.m.-3:30 p.m.

Bookmates' Office, 623 Erin Street, Winnipeg

In this 1 day training, we will address some of the emotional health and well-being challenges when working with the 0-6 age group in a family literacy setting. It is designed for family literacy practitioners, early years staff in childcare centres and schools, and others working to support families with young children in the development of learning skills.

In this training you will:

- Learn what neuroscience says about brain development and resiliency
- Address mental health challenges in our preschool age population as identified by the EDI and other relevant sources
- Be provided with strategies to enhance mental wellness and resiliency in a family literacy context

Spaces are limited. Contact Ingrid Peters Derry by email at ingrid@communities4families.ca or at 204.475.5755 to register

This is a training workshop for adults only. Unfortunately, childcare is not provided. Priority will be given to those living and working in the downtown.

Registration forms and payment must be received before space in the training is confirmed.

Registration deadline: December 1, 2016
